

C&RD Program is Nearly Over

The amount of available KPUD funds through the Bonneville Power Administration's Conservation and Renewables Discount (C&RD) weatherization program are soon coming to an end.

Anyone wishing to take advantage of the current weatherization rebates Klickitat PUD offers should contact the Energy Services department soon.

Since the amount of funds available is limited, customers must request and return their paperwork to get in the queue so the money for their rebate is set aside.

Only existing residences with electrical heat are eligible for the rebates and the loan program. The current rebates and other program information follows below:

For insulation, Klickitat PUD pays 37 cents per square foot for attic insulation: \$1 per square foot for wall insulation and 21 cents per square foot for floor insulation, which can include water pipe insulation. The maximum is \$500 per building.

Measures and standards from existing insulation to the proposed level are:

Ceiling increases from R-30 to R-38.

Wall, site built,

increases from equal to R-0 to R-11 or R-19, whatever is practical.

Wall, mobile home, equal to R-0 completely filled with blown-in or highest practical R-value for batt.

Knee Wall, site built, from equal to R-0 to R-11 or R-19, whatever is practical.

Floor, site built, from less than R-10 to R-30, or maximum level needed to fill joist cavities.

Floor, mobile home, from less than R-10 to R-19, or maximum level needed to fill the joist cavities.

Windows: Klickitat PUD pays \$3.50 per square foot on windows, up to a maximum of \$500.

Window replacement: from single pane or dual-glazed in non-wood or vinyl frame to Energy Star® prime windows or patio doors with .35 U factor or less.

Duct sealing: Klickitat PUD will

pay \$300 for sealing existing duct-work. Work must be performed by a PTCS-certified technician.

Air-to-air heat pumps: Klickitat PUD pays up to \$500 on heat pumps.

Solar requirements: Existing structures only with an existing electric load. Systems set up to solely heat pools or hot tubs, etc., do not qualify.

Solar: Klickitat PUD pays \$400 per kilowatt of rated output, or an increment thereof, up to a maximum of \$1,200 per residence or business structure
