## New Website is Filled With Options

I am pleased to announce that our new Klickitat PUD website is up and running, allowing you to do much of your business with us when it is convenient for you. Our new web address is [www.klickitatpud.com](http://www.klickitatpud.com).

Some of the functions are the same, just pulled together so you can find what you need quickly and easily. The *Account Manager* section just below the KPUD logo includes bill pay and meter reads, new service requests, frequently asked questions and a list of planned outages. The process for paying your KPUD bills and submitting meter reads online has not changed.

We now have a *Community Calendar*, where you can view the KPUD commission meeting schedule and other dates of importance regarding KPUD business. For your convenience, we now post the commission meeting agendas and minutes on our website. You can contact our management team through the *Commissioners* page.

You will find all of our *Conservation* information in one place, such as rebate information, conservation tips, degree

days, net metering and more. Application forms for KPUD conservation programs and links to other websites are included as well.

Klickitat PUD's Ruralite articles, mail stuffers, outage information and other news can be found under the *News* tab. Click on the *Career Opportunities* tab just under *News* for listings of our current job openings and contact information for our human resources department.

The *Rates and Policies* section includes all of the electrical rates broken down by category, and the water/wastewater rates and PUD policies pertaining to these services.

While you may have to come into the PUD offices or call to set up services, you can now find under the *Services* tab all of the information to make informed decisions about new services, modifying existing services, costs of services and who to contact for quick service.

We invite you to visit and explore our new website, and welcome your questions and comments. Our goal is to make your interactions with KPUD as quick, easy and informative as possible.

Watch for updates to our historical section, as we will add information to this area in the near future.

**Jim Smith, General Manager**
