

## KPUD's Board of Commissioners

Public Utility District No. 1 of Klickitat County is governed by a three-member board of commissioners elected by the citizens of Klickitat County. Each commissioner represents a different district of the county and serves a six-year term.

The commissioners also represent Klickitat PUD as delegates to various business organizations, including the Washington PUD Association, the American Public Power Association and the Northwest Public Power Association.

The commission terms are staggered so a different commissioner runs for re-election every two years.

Commission meetings are regularly scheduled to start at 2 p.m. on the second and fourth Tuesdays of each month in the Klickitat PUD Board Room at 1313 S. Columbus Ave., Goldendale. Special meetings and workshops are called by the commission as the need arises and are advertised in local newspapers under legal notices.

Current agendas for upcoming commission meetings are posted on our website the Friday prior to each meeting. Minutes of the commission meetings are available on our website once they are approved by the commission.
