**Appendix A Customer Generation Interconnection Application
Residential Net Energy Metering 25kW or less**

Utility Use Only
Request No.

Upon approval the Utility will contact Customer to schedule the Net Meter installation. A brief interruption of power will be required for this installation. PLEASE NOTE: generating shall not commence parallel operation with the Utility until the approved net meter has been installed and written permission is delivered by the Utility.

I (we) also understand that the application processing fee of \$100 is due in advance and is non-refundable.

I (we) hereby certify that, to my (our) best knowledge, the information provided in this Application is true. I (we) agree to abide by the Terms & Conditions set forth in the Residential Interconnection Agreement and Net metering Policy 25. I also understand that approval is contingent upon Utility review.
