This section recaps the running total of the actual balance remaining on your account, less the budget payments.

Every June, the remaining "Balance-For Informational Purposes" is divided by 12 and added to the recalculated budget.

If taken off the budget plan, this amount becomes due.

To avoid unexpected budget changes, please watch this balance.

Status of the budget account: This is your monthly budget payment, less payments received.

This corresponds with the information on top.
