Thank You, Randy

The employees of Klickitat PUD would like to take this opportunity to say goodbye to Randy Knowles, your KPUD commissioner for District No. 1.

Randy was first elected in 1994 and has served our communities in this role for 30 years. Many of us at KPUD have spent most of our careers working for Randy. He taught us to be humble, to be committed to our goals, and to work every day to be better employees and better people. He has constantly told us to always keep our customers in mind and work for their benefit. We have strived to meet the standard he has set.

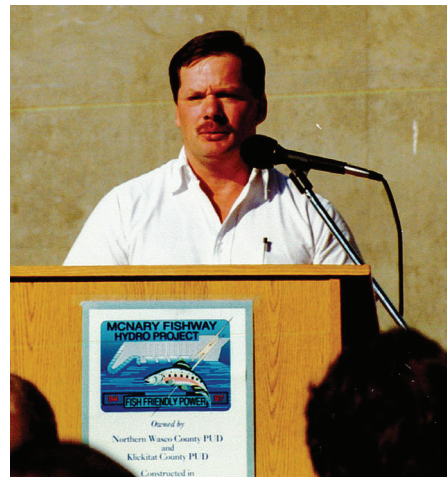

Along with the other board members, Randy has changed the PUD, how we operate and how we provide value to you as customers.

Randy's work has a tangible impact on all of us. We estimate that, as a result of decisions to find value in the assets in our county, our electric rates are 15% lower today than they might otherwise have been. If you see Randy around town, thank him for the commitment he has shown and the service he has provided to our county residents.

From all of us here at the PUD, thank you, Randy.

Commissioner Randy Knowles

Randy has been a supporter of many projects, including the McNary Fishway Hydro Project, that continue to benefit KPUD customers.
